

## Physical Science – Parents' Questionnaire

**The following information will be helpful in predicting your student's likelihood of success if they are enrolled in Physical Science.**

Student's name and grade level:

Past studies in science, grade level and name of curriculum:

Are you comfortable with being contacted by e-mail?

Is there anyone at home with some knowledge of science that could help the student with assignments, if necessary?

Describe the student's level of interest in science:

Does the student have any particular areas of interest in science?

Does the student demonstrate sufficient self-discipline to complete required assignments at home on a regular basis?

Has the student been taught in a classroom setting prior to this year?

Thank you,

Don Luce  
Physical Science Tutor
