

To Students of American Government:

Sorry that I failed to address the complete homework assignment during class. In addition to studying Chapter 1, and memorizing "The National Anthem", you are to prepare a, not more than 3 minute, oral presentation offering your definition a "What is a hero?" and "Who is your hero?". Select someone from your past who has inspired, impressed, changed you for the better or has contributed to you being a stronger, more complete person. Use 3'x5' note cards if you desire or work from memory. Rehearse your presentation in front of your parents, little brother or sister, a neighbor, etc., AND in front of the mirror. By doing so you will be able to time your presentation and gain feedback from your rehearsal audience.

See you next Monday.

COL Holmes
