

*Cornerstone Tutorial*  
Weekly Assignments

WEEK BEGINNING Monday, Oct. 29, 2007

SUBJECT: Chemistry

WEEK 8

<b>DAY OF WEEK</b>	<b>COVERED IN CLASS....</b>
MONDAY	Module 4 homework and test due. Discuss types of reactions, molecular mass and the mole concept. Demonstrate or watch videos of different types of reactions.
<b>DAY OF WEEK</b>	<b>HOMEWORK</b>
TUESDAY	Read pp.136-144, answer OYO? 5.3-5.5
WEDNESDAY	Read pp. 144-151 and answer OYO? 5.6-5.8 and RQ 1- 5.
THURSDAY	Answer RQ 6- 9 and Pract. Prob. 1-4.
FRIDAY	Read pp. 151-156 and answer OYO? 4.9-4.10. Prep for experiment 5.1 if you have not already.

NOTES TO PARENTS AND STUDENTS: There is only one lab in module 5, and we don't have all of the materials needed to create an additional lab experiment, so we will use some demonstrations in class and via video to replace our normal lab time.
